**Notes:**

- The verification process for various claims of operational creditors is still ongoing. The verification process has taken time as a result of shortage of relevant manpower and personnel and the disconnection of access to SAP servers by the concerned service provider on account of non-payment of dues owed to the service provider during the CIRP period of the Corporate Debtor. The resolution professional has taken steps for restoration of access to SAP servers and will conclude the claim verification process at the earliest.
- The admitted claims have been verified on the basis of proof of claims along with underlying supporting documents provided by the creditor and the information/documents available with the corporate debtor.
- The admitted claims are subject to revision/ substantiation/ modification on the basis of any additional information/ evidence/ clarification being received by the resolution professional.
- \*\* In the event passengers have booked tickets through travel agents(s), the travel agents are required to file their claim on behalf of the passengers. The claims submitted by travel agents on behalf of the passengers have been admitted by the resolution professional on the basis of the proof of claim and other underlying supporting documents provided by the travel agent and the information/records available with the company. As regards passengers have booked tickets directly through the Corporate Debtor's website, their claims have been admitted in full based on records/information available with the Corporate Debtor (irrespective of whether these passengers have filed a claim form). The manner of submission of claims by passengers and the verification of these claims has been intimated to the passengers. Additionally, the guidelines in relation to passengers filing their claims against the Corporate Debtor has also been uploaded on the website of the Corporate Debtor. Accordingly, claims filed by the passengers in relation to which the travel agent has already filed its claim have been rejected.
- ##Claims of workmen and employees have been verified and admitted in full on the basis of the claims filed by the Authorised Representative of the Workmen and Employees (i.e. the Human Resources Department of the Corporate Debtor) and the relevant information/documents/records available with the Company. Accordingly, to avoid duplication of claims, the claims filed by workmen and employees in their individual capacity have been rejected.
- The revised list of creditors will be updated on the company website at [www.gofirstcirp.com](http://www.gofirstcirp.com)
